To Whom it May Concern;

I have known Mr. Scott Grant since 2003, after I was hired by the City of Pleasant Hill, Mo. as the Building Official / Inspector. At that time, Scott was a Police Officer and was buying and selling Real Estate.

In about 2007, Scott started Grant's Custom Homes and our relationship became professional as he would submit plans to me for new houses to be built in Pleasant Hill and as the progression of the house, it was my duty to inspect the construction at various stages. Mr. Grant demanded the best quality of workmanship from his subcontractors and this made my job easier to do as I inspected the houses.

I retired this month, but, throughout the years of working with Scott and his team of staff and subcontractors, PROFESSIONALISM, QUALITY of WORKMANSHIP and FRIENDLINESS always rose to the surface. It was a pleasure working with Grant's Custom Homes and I always anticipated the FINAL INSPECTION knowing that I would be inspecting a STRUCTURALLY SOUND, CODE COMPLIANT and all DETAILS READY for a family to move in to their NEW HOME!

I highly recommend Mr. Scott Grant and GRANT'S CUSTOM HOMES as a builder of fine custom homes.

Sincerely yours,

Thomas L. Kent
